

# Your **Hometown** Staffing Provider

Trust Elite to provide effective workforce staffing solutions for your streamlined staffing success.

## Our Services

### In-House Outsourcing + Managed Services

We handle specific non-core processes within your manufacturing operations, ensuring smooth execution while you maintain overall ownership. This approach enhances flexibility, cuts costs, and boosts safety, productivity, quality, and responsiveness. Let us manage the work and workforce, so you can focus on core business objectives.

### Temp-to-Perm Staffing

We offer a 90-day trial period to assess potential employees. During this time, you can evaluate their performance before deciding to bring them on as full-time staff.

### Contract Labor

We specialize in recruiting, screening, and assigning employees to support your long-term projects. Our team ensures that the right candidates are placed to meet your ongoing workforce needs.

### Executive Search + Direct Placement

We source and provide highly qualified candidates ready to join your team. These professionals can be hired directly onto your payroll, with no waiting period required.

### Short-Term Staffing Solutions

During peak periods, we can supply temporary staff to supplement your core workforce, helping you maintain efficiency during busy times.

### Human Resource Consulting

Our HR consulting services offer tailored workforce solutions, helping you optimize staffing levels and skillsets. We assist with recruitment, retention strategies, and identifying training needs to create a flexible and effective labor pool.
